

Happy Father's Day Dad!

I want this to be a special day for you
and a time for us to bond.

So, mom is allowing me to

spend the **whole day alone with you.**

Isn't that nice of her?

She said that she'd be able to keep
herself busy... I think the word she
used was **PED-i-CURE?**

She even packed the
diaper bag and made us lunch. It's
going to be a great day, don't ya think?
Now let's go! And don't worry...I'm
ALMOST all potty trained.
